COUNTY PLANS A SUSPENSION SPAN AT SLIDE

Mountain Movement Re-Starts In The Late Storm

CAN'T FIGHT NATURE

Roeblings Co. Engineer Probably Has A Solution

The mud slide on the Dos Rios-Covelo road came in larger than usual during the big storm Tuesday and the road was blocked, all travel being diverted to the old Poonkinny road.

Would Build Bridge.

The slide has been giving trouble two years and it is now planned to build a bridge across the canyon a little below the present road and allow the mud and rocks to pass under the bridge and on to the river below. This method of treating the blue slide near Squaw Rock which, it is believed, is a part of the Blue Slide on the Covelo road and which extends along Russian river for miles, has been successfully working out since the re-location of the Redwood Highway along the east side of Russian river between Hopland and Cloverdale. Supervisor Duane Bittender has received plans and estimates on an underhung steel bridge and is also expecting plans for the proposed suspension bridge in a few days. After both plans are submitted the board of supervisors will make their choice from the two.

Doing His Best.

In the meantime Supervisor Bittenbender has borrowed an extra bulldozer from Supervisor Ed Gordon of the Fifth district and this will be kept busy removing the debris that comes down.

Believed Solution Had.

Recently President Fred. W. Hammond, Sr., who following having bought a country place

FIRE CONTROL UNIT PLANNED

Ranchers Hear How To Organize For Protection

Redwood Valley ranchers met Sunday in the auditorium of Redwood Valley school to discuss fire control. W. Kirk Ford, county assessor, acted as chairman and J. A. Waldteufel secretary.

Learn Methods.

M. K. Bliss, engineer for the Board of Fire Underwriters of the Pacific, explained methods used in combating fire in rural districts, the equipment necessary, laws and what they provide for in the forming of such rural fire departments. Mr. Ford told of other fire districts in this county, the cost of same, and how the necessary funds were acquired. Other speakers were H. E. Long, of the State Fire Protection Service, and Adam A. Moore, of the Federal Forest Patrol and Fire Prevention Service.

Second Meeting Soon.

Those present were enthusiastic in their wish to form and maintain a fire unit, but owing to the absence of many, who attended the Grange picnic, another meeting will be held in the near future, when it is expected Supervisor Pickle will attend with others, and a permanent organization formed.

Committe Selected.

The following committee was appointed to take hold and push the matter to a conclusion: W. K. Ford as chairman, Jay Lee Smith, Cliff H. Smith, H. E. Long, of Fire Protection Service, and J. A. Waldteufel.

A MONKEY DOG ENCOUNTERED 35-FOOT FALL

Unusual Case Of A Tree Climbing Animal Related

'BROWNIE' UNTAUGHT

Canine Sure Footed Like Cat In High Maneuvers

Who is there who does not love a good dog story? Usually one likes to read a tale which has to do with the faithfulness of man's best friend, but here is one, entirely out of the usual order of things, this page believes dog lovers will read with interest.

Occurred At Nice.

The incident dealt with happened at Nice, Lake county, last week. "Brownie," a shepherd dog that climbs trees with all the agility and grace of a panther and which has been one of the Lake county "marvels" to tourists, suffered his first mishap in two years of acrobatics when he fell 35 feet from a limb and struck on a parked automobile below. The force of the drop dented the steel auto top but, apparently, the animal sustained no other harm than a brief shock and a few sore spots.

Came By It Naturally.

"Brownie" belongs to Walter M. Overton. His monkey-like trait of running up and down tall trees was a bit of self-development, without training or urging. Apparently he ought to be in a "coon" country—or, maybe, in the movies. He has been as sure-footed as a cat on the smallest limbs, far above ground.

Obstruction His Waterloo.

The day of the mishap he ran up a tree and out on a small branch that had a number of distorted growths. After a few barks of delight he turned around on the limb and confronted an upright shoot around which he failed to make the proper "negotiations," toppling down to the Overton automobile below.

It Is True.

The above is not a nature faking tale. A friend of the writer was over from Lake county Saturday and came in to vouch for the "tree climbing dog" and got a promise from the writer he would go over and make the acquaintance of "Brownie."

RATTLER KILL THRILLS LADS

Came a vacation thrill to two small boys Friday when, with their slingshot, they killed a rattler on the road near Robinson creek. Their cup of joy was already filled as they started home on their bikes, proud of a fine catch of trout sufficient for the dinners of their respective families; but it splashed right over the top when they reached town grinning delightedly and displaying "eight rattles and a button." The lads are Vernon Sprague, son of Mr. and Mrs. A. I. Sprague, and Jackie Fravel, son of C. W. Fravel.

Health Camp To Benefit Number

Six weeks benefit of the out-of-doors in healthful and pleasant surroundings under excellent supervision will be enjoyed by 28 children who entered Mendocino county's health camp at Philo Sunday. Mrs. Catherine A. Brown, county nurse, is camp director and Mrs. Thomas Gullickson, of Redwood Valley, is in charge of the culinary department, which she has handled several years in a most competent manner. Tents were set up and equipment made ready by women of Anderson Valley Unity Club Friday, with Mrs. Catherine A. Brown, Mrs. Louis Peterson, Mr. and Mrs. Ralph Brown and Charles Brown assisting.

MOTORED TO LANE'S

Roy Smith, Manager of the Safeway Store, in company with his wife and Mr. and Mrs. K. L. Watson of San Rafael, his stepfather and mother, enjoyed an outing at Lane's Redwood Flat Sunday.

Herman Runkel is home from Covelo where he was called to handle a large roofing job.

3 Open Sewers Complained Of

Residents of Park Boulevard have complained to the city attorney three or four open cesspools are being used by residents of that section, instead of connecting with the sewer system. In the statements made by the complaining residents it is charged the open cesspools are bringing mosquitoes. The cesspools are located near the municipal swimming pool and, the claim is, the public health is menaced.

BANDS SHOULD GET SUPPORT HERE AT HOME

Fair Association, If Wise, Will Hire No Outside Talent

KEEP MONEY AT HOME

Fort Bragg Eagles Beat Big City Aggregations

(Fort Bragg Advocate)

The Fort Bragg Eagles band won statewide recognition for itself recently when awarded first place in competition with other Eagles bands at the State Convention held in Watsonville.

Beat Big Aggregations.

The various bands paraded past a reviewing stand and when the judges made their final decisions, Fort Bragg was first, Modesto second and Sacramento third. The Modesto band had won the award the past two years.

Girl Helped A Lot.

Fort Bragg's band was led by Miss Charlotte Burrows, who acted as drum major. She handled the band like a veteran during the three-mile march and it was largely due to her efforts the coasters won the award. The two mascots, Werner Roseman and Kenneth Burrows, marching directly behind the drum major, also added to the appearance of the band.

Hire Local Talent.

At the coming Twelfth District Fair this newspaper would like to see plenty of music. The Fair management should see to it all the bands possible are on hand. The Hopland School Band should be gotten to play, the Little Dutch Band, of Ukiah should, by all means, be engaged and the Eagles Band at Fort Bragg should be given a bow, if possible.

Keep Money Here.

By no means should the Fair management go outside Mendocino county this year to get musical talent. Let's keep the money at home and encourage home town and county bands.

A Clean Carnival Is Operatnig Here

The Golden Gate Shows, a high class Carnival is to be in town a week, using grounds on Mill street and Redwood Highway. The manager, Joe Krug, caters to those desiring clean entertainment, especially for children. H. C. Baker, former manager for Tom Mix Circus, and an old friend of A. R. O'Brien, is owner of the Carnival and came in Tuesday to offer the boys and girls at The Albertinum a treat, with his compliments, at the Carnival during the week.

'LIBERALIZED' PENSION LAW IS APPROVED

Governor F. F. Merriam Signed Hornblower Bill

IS FOR $35 MONTHLY

Recipients' Property Need Not Be Deeded To County

Governor Frank F. Merriam has signed the "liberalized old age pension bill" recently passed by the legislature, championed by Assemblyman W. B. Hornblower, of San Francisco.

To Add Costs.

The bill Governor Merriam approves gives aged persons in California greater security than that offered by any other state, its sponsors declare. Statisticians estimated the bill would increase state expenditures by $3,000,000 annually.

No Outside Income Bar.

Making numerous technical changes in the old age pension law approved by the 1935 legislature, the new measure would not bar such aid to persons who have an outside income of as high as $15 per month.

No Lien Now.

The bill will strike from the pension law provisions that aid payments should constitute a lien upon the property of the recipient.

What Requirement Is.

Age limit is maintained at 65 years, while the applicant must have lived in California 15 years to qualify for the maximum $35 per month aid payment.

Limit Is Set.

The bill which the governor's signature made a law limits combined federal and state aid at $40 per month.

Must Assist Parents.

Maximum property individuals receiving the pensions may possess is fixed at $3000 real property, assessed valuation, or $500

FAIR ASSN. IS PLANNING WELL

Covered Bleachers To Seat 3000 Will Be Ready Shortly

Plans are being laid for future, substantial growth at the grounds of the Twelfth District Fair.

Track Gets Okeh.

The standard half-mile track has been completed and approved by track experts as an excellent one.

To Landscape Grounds.

All of the stables are built along lines adopted by the larger tracks. More than 200 trees are to be set out this fall and the grounds will be landscaped. The ample water supply the Association has will make care of the trees inexpensive.

To Seat 3000.

A bleachers, amply covered, capable of seating 3000 will have to suffice for the meet in August. However, a fine grandstand and a large exhibit pavilion will be erected before the 1938 meet.

Big String Coming.

The largest number of horses seen at any race meet in this section will be here in August and the Fair this year will get away to an excellent start.

Working Out Details.

Association members are meeting regularly and all details of the Fair are being carefully worked out.

Plenty Of Races.

A communication from Secretary of the State Fair Tevis Payne, who will handle horse events at the Twelfth District Fair here, says there will be events for all Mendocino and Lake counties horses, saddle and stock. Trail horses, too. There will be stake races and different gaited horses will be allowed to compete.

$85,000 CLAIM IS FACED BY MENDOCINO CO.

Mountain Road Accident Is Basis For Big Suit

TO START JULY THIRD

Oaklanders Maintain Authorities Were Negligent

Trial of three suits for damages aggregating over $85,000, in which the County of Mendocino is defendant, will begin Tuesday morning, July 6, unless an unexpected compromise is effected meanwhile.

Basis Of Claim.

The suits were brought as a result of an automobile accident on the night of July 3, 1936, when a party of Oakland people drove off a county mountain road east of Willits and dropped 125 feet to the bottom of a canyon, killing one of the party and injuring three.

Who They Are.

Plaintiffs in the actions are Nina B. Hamby and W. P. Hamby in one, W. P. Hamby in the second and Mary Ann Tuttle in the third. In the first action suit is brought by Mrs. Hambly, who asks $10,000 for injuries which confined her to Howard Memorial Hospital, Willits a long period. Mr. Hamby has sued for $5000 for personal injuries and $400 damages done his V-16 Cadillac sedan in which the party was riding and which Mr. Hamby was driving.

Largest Sum Asked.

Mrs. Tuttle asks $10,000 for personal injuries and $50,000 for the death of her husband, who passed away in the Willits hospital shortly after the accident.

Where It Happened.

The tragedy was on the county highway known as the Ford Canyon road and also known as the Old Hearst road, east of Willits, about one mile from Tomki.

A TEMPORARY AID REQUESTED

Anderson Valley Fair Management Seeks A Short Loan

The board of supervisors in session last week received and filed a petition for abandonment of the county road on the McDonald-to-the-Sea highway near Cat creek and Whitehall in the First road district and fixed July 13 at three o'clock as the time for hearing.

Seeks County Assistance.

H. J. June, of Boonville, was before the board in the interest of the Mendocino County Fair and asked advancement of funds with which to pay 1937 premiums, the county to be reimbursed from funds provided the Fair by the state. He was directed to prepare and file the proper papers with the board.

Date Is Set.

July 13 at ten o'clock was designated as the time of hearing the petition of residents of Anderson Valley for formation of a cemetery district.

Other Road Matters.

The petition and bond for appointment of viewers to locate a public highway in the Fourth road district, near Piercy, was continued. The report of viewers of the Vichy Springs road was approved and the road declared a public highway.

TO RESIDE ON BAY

Mrs. Margaret Farrance was here the past few days preparatory to going to San Francisco where she will hereafter make her home. For a great many years, prior to the death of Mr. Farrance, the Fararnce home was in the Ukiah valley south of the city limits and here they made many friends.

UP FROM FRESNO

Mr. and Mrs. Chas. W .Gibson came up from Fresno last week to visit Mr. Gibson's parents. For years Charlie Gibson was a contractor in Ukiah and still owns one of the finest homes in the city. Mr. and Mrs. Gibson like Fresno immensely and Mr. Gibson is doing well there.

M. E. Hurley, Jr. Landed Honor

Morris E. Hurley, nephew of Judge J. C. Hurley, of this city, and son of the principal of Lockwood school, Oakland, in competition with 300 students at Oakland, won the $800 Freshman Scholarship at Harvard University. The young man is 17 years old; regular end on the University football team; member of the track team and his scholastic record shows no grade lower than "A" throughout his student career at University High and Clairmont Junior college. OFFICERS ARE OVERLOOKING BIGGEST ITEM

YouthfulDrunkenness Never Brings The Offender In

HOW ABOUT SELLER?

Public Would Like To See The Real Culprit Punished

(Fort Bragg Advocate)

Robert Ulitalo, 17 years of age, was arrested last week and charged with operating an automobile while under the influence of intoxicating liquor. He appeared before Judge Ware and pleaded guilty and was sent to Ukiah.

What He Did.

According to the story told Traffic Officer Joe Randolph, Mr. Ulitalo was driving his car at an excessive rate of speed and smashed into the car belonging to Chas. Royce, Jr., which was parked in front of the Royce home. The parked car was hit with such force it crashed into the car belonging to Chas. Royce, Sr., which was also parked and smashed two fenders.

Companion Injured.

Frank Fayal, who was riding with Mr. Ulitalo, was treated at the hospital for cuts about the temple and chin, while Mr. Ulitalo had his nose injured.

Yet No Arrests.

Up to this point the whole story of how the accident took place is made plain, but how about the officers ascertaining where the liquor which made the boy drunk was obtained? For some reason or other instances of young boys and girls getting drunk and afterwards landing in trouble continue to be more and more numerous right along, but no one ever reads of any arrest of the party who sold the youthful drinkers the liquor being made.

It's About Time.

Something along that line seems about due to be told about.

JERSEY GETS A MUSSOLINI NAME IN LAKE

Family Cow's Attacks On Residents Alarm Countryside

WANT HER KILLED!

Lake County Folk In Protest Term Animal A Menace

Instances of Jersey family cows attacking human beings are exceedingly rare. However, over in Lake county there is a Jersey that appears to be willing to make up for any shortages of honors along that line by the frequency of her attacks. At Kelseyville, William Gardner, was attacked by the Jersey and received a badly torn hand, sprained leg and body bruises. The cow is reported to be the property of Walter Williams.

She Grew Warlike.

The Jersey with another cow had broken out of their pasture and invaded the Nathan Olsen property, which Mr. Olsen left in charge of Mr. Gardner while he is vacationing in Wisconsin. Mr. Gardner went to drive the cows out and the Jersey suddenly turned on him, knocking him down, butting and pawing him and bruised him with her sawed-off horns.

Dogs Helped Out.

Mrs. Alice Staheli and Mrs. L. C. Puett, who were on their way to drive the cows back to pasture, saw the animal attack Mr. Gardner and ran for aid. Fortunately dogs appeared on the scene and diverted the attention of the animal and Mr. Gardner made his escape.

Has Bad Record.

According to reports, a similar incident happened last year, the same animal attacking Charles Gard, who was taking a short cut through his pasture. Only the timely arrival of his brother, James, saved Mr. Gard's life. Several others are reported to have been attacked by the animal and enraged citizens are very much concerned and threaten to do away with the animal if the owner does not do something. She is reported to be a menace to the safety of people in that section.

CHEESE PLANT IS CONSIDERED

Upper Lake Will Get Modern Factory In A Short Time

(The Clear Lake Observer)

Upper Lake, according to a story in The Clear Lake Observer, is soon to have a modern cheese factory.

Will Help Us.

The nearness of the factory to Mendocino county dairies will enable dairymen, if they so desire, to dispose of the product to the factory at Upper Lake. The Lake county newspaper says of the plans: "Immediate construction of a cheese factory that will take a guaranteed milk yield to net dairymen $200,000 a year and which will quickly bring about a great increase in local herds and the improvement of much potential alfalfa land, as well as realty development, will be started here by the Sonoma Mission Creamery Company.

Site Is Selected.

A site for the new plant was purchased last Thursday and donated to the company by local business men. Joseph Vella, president of the Sonoma concern, has accepted the gift and announced that without delay the necessary buildings, to cost $10,000, and the installation of equipment will be put under way.

JEFF MERITED EULOGY AND WAS FINE DOG

Talented Pen Of Local Writer Paints True Tribute

AN UNSELFISH SOUL

Clair Elledge Tells Life Story Of Fox Terrier

TAKE A BOW, CLAIR

There is no one in this part of the country who can, in any manner, approach Clair Elledge as a humorous sports writer but few there were who appreciated Clair Elledge's ability to tell the tragic story of a friendly little dog. Read on and you will say Clair Elledge as a lover of man's best friend, is Tops.

(By Clair Elledge)

Ukiah lost one of its most prominent native sons Thursday when Jeff, the corpulent Fox-Terrier, who, for so many years made his headquarters at the entrance of The Palace Hotel, died as the result of injuries sustained when he was struck by a car.

Had Plenty Friends.

Jeff will be genuinely missed by more folks than the vast majority of humans who have shuffled out of this earthly existence, and the record he leaves is one duplicated by few men.

Led Fine Life.

Never in his 11 years of rambling about did he knowingly molest or injure anyone, and if there was ever a more forgiving heart in the world, it has been well-concealed. A square-shooter, a good fellow, a swell guy—a gentleman from the end of his chubby nose to the tip of his stumpy little tail—that was Jeff.

Yes, He Was.

Maybe he was a little bit lazy at times, undoubtedly a glutton ever, and always a bit suspicious of the value of soap and water—but these little shortcomings were so ovreshadowed by his good nature and natural intelligence as to pass without condemnation.

Sometimes Solemn.

In serious moments he comported himself with all the dignity demanded by the occasion and expected of his age, but when fun was in order, his puppy-like antics and gyrations were in abosulte contradiction to all the laws of gravity and equilibrium.

He Liked Candy.

His sweet-tooth was unequalled, even in the canine world, and he could wangle a full-sized candy bar from the tightest man in town. There seemed to be no limit to his gustatory prowess, but when Nature endowed him with an oversize heart she also tossed in a cast-iron stomach, so his ailments were few and mild.

May All Go Well.

Kindly, loveable old Jeff. May the path you now tread be paved with candy bars and T-bone steaks and may there always be someone at hand to scratch your back where you can't reach it yourself. If there is a heaven for dogs, Jeff must right now be wedged between the headlight and fender of St. Peter's car, lolling at his ease and thinking nice thoughts of everyone.

For information of those who do not know the life story of Jeff, it must be written that never a day passed Jeff did not ride many miles on Ukiah's only taxicab. His reservation on the cab was on the fender, close up to the headlight on the right-hand side.

AGAIN IN HOSPITAL

Cedric Thornton, operated on a few weeks ago for appendicitis, was returned to Ukiah General Hospital the last of the week suffering pleurisy.

INJURED HER EYE

Mrs. G. W. Stout was able to be out the first of the week after being at home for the past fortnight, the result of an injury to an eye, which while not real serious, was very painful.

Mr. and Mrs. R. R. Ingels and daughters left last week on a trip to southeastern Alaska.

HARD TO UNDERSTAND

BECAUSE THIS PAGE had to work all his life and accordingly, is able to understand the laboring man or woman's point of view, he has long had a sympathetic leaning toward the side of those who toil, but, although he has, tolerantly, tried to find out what the present labor trend is all about, he has not been able to do so. The fact of the matter is labor is not the issue any more, it is Communism. Labor here is being treated all right, except, of course, in isolated instances and, in such cases, the offenders are usually caught up with quickly and public opinion makes them do the right thing. Men and women are not being exploited in the United States.

The next time somebody tells you that this is a terrible country, full of exploitation of common men and ought to be made over after the pattern by which Europe has been made, consider these facts:

Steel workers in Pittsburgh can buy a pound of bacon and a dozen eggs with the money they earn for only 36 minutes work.

To get the money to buy a pound of bacon and a dozen eggs Belgian steel workers have to labor six and a half hours. German steel workers three and a half hours and English workers two hours.

For the equivalent of 14 minutes labor, the American steel worker can buy a pound of bread and a quart of milk.

In Belgium an hour would be required to earn the money to buy the same things, in Germany 35 minutes and in England a little less than a half hour.

England is the home of good roast beef. But in England a steel worker requires about 20 minutes of labor to earn a pound of beef, while in Germany 38 minutes are required and in Belgium nearly two hours. In this country a steel worker can earn a pound of beef in 12 minutes.

In this favored country a steel worker can earn a pound of butter in 26 minutes. In Germany it requires two hours, in England almost an hour and in Belgium four hours.

Writing along the same lines and using the same figures for purpose of illustration, an exchange says steel workers are spoken of as an example, because steel workers are a typical class whose earnings are easily arrived at by the statisticians. To localize the figures here quoted, it is only necessary to recall that the average of steel workers in the east and lumber workers here on the Pacific coast are practically the same

The system that enables workers in America to earn the necessities of life with far less labor than is required in the older countries of Europe is the "American system."

WAR'S COPYRIGHT

A picture which has just arrived in the United States from Spain shows graphically just how Spanish civilization is being deformed by its civil war. The picture shows the ruins of the Cancer Institute building on the outskirts of Madrid. Caught in cross fire between rebel and government forces, the building has been shattered by countless bombardments. Its walls and roofs lean in a crazy, tattered pattern over piles of fallen bricks, mortar and timber.

No censor's hand could strike out the tale of horror recorded in the photo of this silent, mangled citadel. No impassioned oratory could make more poignant the evidence of war's hand in a project originally intended to be a boon to suffering humanity.—Chico Enterprise.

For the prize of a few yards of ground, perhaps no more than a trench or hillock, Spain undid a work that might have brought healthier, happier life to many unfortunates. But this shameful deed is not Spain's alone; it is a copyrighted act of war, typical of what may happen even to the "innocent bystander" when man fights his brother.

FR. DIVINE IS PAYING CREW, FACTS PROVED

"Labor Claims" Seen Without Merit At Late Hearing

CRIMINAL CHARGE OFF

No Foundation Prevailed For Hinton Action

The International Lumber Co. of Willits, which is known as a Father Divine corporation, has been involved in legal entanglements almost since it began operations at Willits, but, seemingly, has not been at fault. Claims which have been lodged against the concern when given a legal test do not appear to have any merit. Up to now the International Lumber Co. has met its obligations and after the dismissal of charges at Willits last week appears destined to make a success of its venture.

A hearing on the criminal charges against J. R. C. Traylor, manager of the International Lumber Company, was held in Justice Larson's court at Willits Tuesday afternoon.

Case Was Dismissed.

District Attorney James E. Busch went up from Ukiah to represent the state and Attorney D. T. Bennitt, of Willits, was attorney to represent Mr. Traylor. After hearing all the evidence that could be obtained, the district attorney decided to dismiss all criminal action against Mr. Traylor, as he was convinced there were no grounds for action.

Contractors Pay Up.

The dispute arose over the contention of Ben Hinton and Ray McKenzie the International Lumber Co. owed them for labor. There were a number of other labor claims involved in the action and a state labor department attorney had been at Willits last week to investigate the case. The evidence showed the men had been employed by Ed. Loosley, an independent contractor, who was getting out logs for the company, and not by the company itself. A lien had been filed against the logs and this was released when Mr. Traylor put up enough money to cover all legitimate claims of the contractor. The men were then paid off and were satisfied. All employes of the company at the mill in Willits had already been paid in full and the only dispute was over those men who had been employed in the woods by contractors.

Is Not Involved.

Frank Williams is owner of the land on which the logs are being cut and is not in any manner involved in claims, he simply being a seller of logs and not in any manner liable for wages of loggers. Contractor Tull, of Ukiah, has a contract to cut logs on the Frank Williams ranch and deliver them to the mill, when he is to be paid for them.

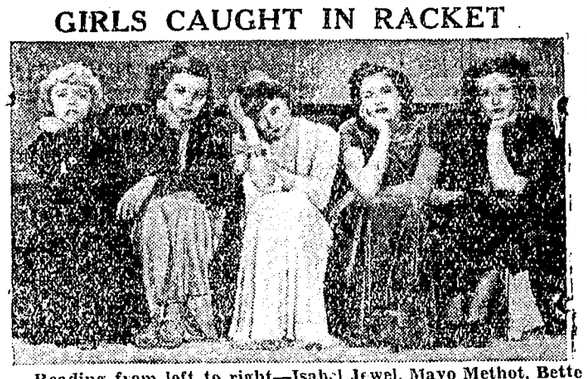
No Logs Delivered.

The company claims no logs have been delivered under this contract and they have advanced more money already on them than the logs cut amounted to and are not liable for the wages of the men.

In Good Shape.

Mr. Traylor announced the company was now ready to go on with mill operations in Willits, which will give employment to quite a number of men, now that the labor difficulties have been straightened out.

GIRLS CAUGHT IN RACKET



Reading from left to right—Isabel Jewel, Mayo Methot, Bette Davis, Rosalind Marquis and Lola Lane portray the "hostesses" caught in the greatest "clip joint" racket exposed in "Marked Woman," with Humphrey Bogart now playing at The State Theatre today and tomorrow (Wednesday and Thursday). Due to the amazing frankness of this picture, the management recommends it for adults only.

Personal Mention

Mrs. Birdie Knudson, who years ago conducted the steam laundry here and later operated a similar plant at Lakeport, was in town from Lake Tahoe last week and, after visiting Ukiah friends, continued on to San Francisco.

Mrs. Clay Bernard, of Sausalito, accompanied by her small daughter, motored here Monday to pass a few hours with Mrs. A. R. O'Brien.

Wm. G. Shackleton, executive officer of the State Board of Equalization, tarried here a few minutes while enroute from Santa Rosa to Eureka, Monday.

MILL CLOSED

The Herzig mill, located 10 miles northwest of Willits, had to close down several days recently. Owing to the heavy rainfall in that section, it was necessary to discontinue hauling logs with trucks a few days.

LIBERALIZED PENSION

(Continued from Page One)

of personal property. Under the potential law, local law enforcement agencies are given the responsibility of enforcing the provisions that require children or relatives to support their indigent parents. The 1935 law placed such responsibility on the aged persons. Attempts to enforce it resulted in many family quarrels, sponsors of the change said.

Must Check Quickly.

Another provision of the bill provides that applications for pension payments must be checked by the administrative officers within 90 days after they are filed. The time limit is necessary to avoid much hardship suffered by aged persons because of delay in action upon their applications.

PRESBYTERIAN CHURCH

"The Voice Of History" will be the subject of the sermon at the Presbyterian church Sunday morning. Dr. Van der Las will bring an interesting study in church history, a message for the times. Miss Mildred Prather will assist the choir and sing a solo. Communion will follow the preaching service., Sunday school at 9:45. Young peoples' group will not meet again until fall.

It is a recognized fact Republican Press Want Ads are wonderfully effective result-getters—and economical, too.

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is a director of the State Board of Prisons of California.

JOSE MOIES

His was as pathetic a case as I have seen in prison.

California was very young when he was born. His parents came from that fine Moies family whose forefathers lived near Malaga, Spain. He had a caballero courtliness about him that was not make-believe and he had all the mannerisms of one whose antecedents had inherited, down through the ages, the graces that go with the blood of cultured people.

His family was today but a tradition. He was now 73 years of age. It was with difficulty he could pick out the director with whom he carried on his conversation in the board room, because Jose Moies was almost blind.

He was doing 60 years for murder, originally.

Conviviality brought about his downfall. Thirty-five years ago the now aging prisoner was drinking with another Spaniard, who was exhibiting a gun. They were sheepherders. An argument arose and a scuffle ensued, during which the weapon was discharged, the bullet entering the lung of the victim. Jose Moies made the injured man as comfortable as possible and then hurried for a doctor and, at the same time, acquainted the sheriff with the situation. He related his story, unembellished, to the court and, strange to tell why, drew the long sentence he has been serving since 1902.

He had gotten a parole 35 years afterwards and had a job herding sheep and, it was while he was on this pastoral work and for doing a most humane act, he once more ran afoul of the law and was returned to Folsom as a violator.

He made a deep impression on me. With men of his race I had been reared and, as I listened to his languidly told story, I could not help but ponder on the pranks fate plays with humanity.

Jose Moies had no murder in his heart that afternoon he scuffled with his companion in the drinking bout that ended in death but, even so, a jury, as juries sometimes do, decreed Jose Moies must pass more than half a hundred years in prison for what, undoubtedly, was an accidental death.

Thirty-five years dragged by, as I have told you, and Jose Moies was paroled and again Jose Moies went back to the lowly vocation of a sheepherder. One day while watching his flock some boys came by and one of them caught a little lamb by the leg and it began bleating. Jose Moies, seeing what was taking place, had the tenderness of his heart touched by the plight of the lamb and made a war-like demonstration in freeing the little sufferer. The boys reported the attack old Jose Moies had made on them, undoubtedly they exaggerated it but, be that as it may — Jose Moies was an ex-convict, and—once more the law dealt harshly with the old Spaniard and his parole was declared violated and here he was for sentence. "You know I could not see that boy abuse that little lamb," he said to me across the table, just as he was leaving the board room.

When Jose Moies left us to ourselves we talked his case over. He was old, he was friendless, very feeble and he was almost blind. He could never make it, if we turned him out. The directors felt the humane thing to do for poor, old Jose Moies was to keep him within the walls of Folsom where he could be cared for properly and where he had some friends, although they were only convicts, who were kind to him.

In the prisons of the world I hope there are not many Jose Moies.

'BROTHER RAT' AT THE GEARY

Comedy Must Not Be Overlooked by Visitors To City

The current attraction at The Geary Theatre, San Francisco, is George Abbott's latest production, "Brother Rat," by John Monks Jr. and Fred F. Finklehoffe. This stage comedy actually stormed Broadway when first presented and continued the Abbott series of comedy successes which started in 1935 with "Three Men On A Horse," in 1936 "Boy Meets Girl," and stirred up the laugh apparatus anew in 1937.

Title Misleading.

Despite the somewhat sinister implication in the title ,"Brother Rat" does not refer to, or have anything to do with any gangster or underworld character but, directly to the contrary, shows the life of students in a military academy. The authors attended Virginia Military Institute and their play is more or less of a picture of the highlights of their own lives in that school stressing the comedy angle in particular.

How It Happened.

The title arises from the fact that students of V. M. I. have a loosely knit fraternity and, in referring to one another, use "Brother Rat" as a term of affectionate regard. The "plebes" of the Institute are barred from participation in "Brother Rat" activities until they have passed their probationary period and the strenuous hazing that is part and parcel of all newcomers in collegiate circles.

Where Comedy Came From.

It is largely in this phase of their school lives the authors found their source of comedy, and so closely are the situations and scenes welded together by the deft directional hand of George Abbott that they furnish an almost uninterrupted outburst of laughter. The principal roles in "Brother Rat" are portrayed by Florence Karen Sundstrom, Marie Brown, Katherine Murphy, Lora Rogers, Edwin L. Philips, Tom Ewell, Paul Ballantyne, Roger Hewlett and William Tracy. Matinees will be given Wednesday and Saturday.

The second week started Monday. Mail orders for all performances will be accepted.

The Farm Center voted $20 be taken from its treasury for the project and promised to raise $100 in Anderson Valley for the fund. WED ON DATE OF PARENTS' ANNIVERSARY

At 10 o'clock Saturday morning Miss Barbara Dickey became Mrs. Cyril Vassar, with Rev. Mark Pike officiating and relatives of the couple gathered at the Methodist church as witnesses. She had as matron-of-honor her sister, Mrs. Edwin S. Rainey, Jr., of San Rafael, while John W. Taylor attended the groom. The comely bride was becomingly attired in an ensemble of sheer silk in St. James rose with navy accessories, and her flowers were bride's bouvardia and orchids. Her sister was gowned in blending maroon and white sheer silk, and carried a French bouquet of white stock and bachelor buttons. Following the ceremony a delightful wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Fred E. Dickey, who were also celebrating their own wedding anniversary.

Mrs. Vassar was born in Vallejo and received her schooling in Marin county, graduating from Tamalpais high school in 1930 and later attending Marin Junior College. Since coming to this community four years ago with her parents, the charming young lady has won large numbers of friends. Mrs. Harry Harris, mother of the groom, and Mr. Harris motored from their home in Petaluma for the wedding. Mr. Vassar is a grandson of Mr. and Mrs. W. S. Graham, of Ukiah. He is a graduate of the local schools and of the College of the Pacific, Stockton. For the past four years he has held the position of principal of the grammar school at Hopland and the young people will make their home there when they return in August from a honeymoon at Stockton where Mr. Vassar is enrolled in the summer school.

BAPTIST ASSEMBLY

The Sacramento River Baptist Assembly is holding its sixth annual meeting at Cottage City, Lucerne. The meeting began Monday and will continue through Sunday, with classes stressing Christian education for old and young. Heretofore the assembly has met at Pine Rest, Paradise, but in order to increase the size and usefulness of the organization by combining churches of the Clear Lake Association with those of Sacramento River Association, Lucerne has been chosen as the meeting place this year. Rev. Claude F. Mosher reports a number of Ukiahans are registered for the assembly. It is estimated 300 Baptists from this section of the state will be in attendance. The Assembly is being conducted by Rev. Otto Loverude, of Willits, and David Wetzel, of Paradise.

MOCK INSTITUTE

Members of Epworth League prepared for their convention to be held in Humboldt July Fourth by going through the steps of a mock institute Tuesday of last week. The Senior League was invited by the Intermediate vited by the Intermediate League to go through the practice of dividing into three camps, registration, recreation and Bible study games. Following the serving of refreshments the three camps united for a fellowship meeting, at a make-believe campfire. Mrs. D. G. Wills directed the rehearsal.

VISIT TO BAY REGION

Mrs. Dora Dennen, of Fort Bragg, who is 85 years old and the mother of R. L. Dennen, enjoyed a visit to San Francisco over the weekend, including trips over the Golden Gate bridge and the Bay bridge. Ben Scott brought Mrs. Dennen to Ukiah Friday, and Sunday she accompanied Mr. and Mrs. R. L. Dennen to the Bay region. The return to Fort Bragg was made yesterday by the coast route.

VACATION GUESTS

Rev. and Mrs. E. H. Benson have been enjoying a visit from Mr. and Mrs. Alan Batchelder, of Berkeley, their son-in-law and daughter, Thais. The Batchelders arrived a week ago Sunday and are returning to the Bay region today.

VACATION ON COAST

Little Lenita Hughes, daughter of Mr. and Mrs. J. H. Hughes, is enjoying a vacation of several weeks at the coast home of her uncle and aunt, Mr. and Mrs. Albert Madden.

LEAGUE CLOSES YEAR OF ACTIVITIES WITH LUNCHEON

The Catholic Ladies League held its final meeting of the season Thursday afternoon following a delicious luncheon at St. Mary's social hall. Mrs. William H. Grandi was hostess and provided the sumptuous repast which included fried chicken, salad, hot rolls, strawberry pie with whipped cream, and coffee. The table yielded a treat to the eye as well as the palate with its pretty centerpiece of snapdragons charmingly arranged in a basket and rows of green glass and chinaware. Mrs. Ellen McCarthy, president, conducted the business session and Father Quinn was a guest of the afternoon. A report on the recent benefit theatre party and candy sale showed the affair to be a great success. The league will not meet again until Thursday, September 16. Also present at Thursday's meeting were Mesdames A. Fanslow, A. E. Garaventa, A. Gibson, J. C. Johnson, R. Kerns, J. Figone, J. Gewehr, F. Wegner, G. O'Quest, C. Russell and H. Mattern, and the Misses Katherine Gobbi and Mary Peterka.

FATHERS' DAY TRIP

Fathers Day was celebrated by members of the James family when Edward W. James took his father, Edward J. James, and his son, Edward Craig James, for a loop trip of the Bay region, accompanied by his wife and daughter, Barbara. Crossing the Golden Gate Bridge, they went through Golden Gate Park, over the Bay Bridge, through Oakland and Berkeley, and from Richmond to San Rafael by ferry. They evolved the amusing phrase, "Two fathers and two sons made the trip—all three had a good time." Edward W. James, of the local AAA, states they counted 2478 cars on the road between San Rafael and Santa Rosa between the hours of 6 and 7 p.m. He further comments that travel via the Golden Gate Bridge has speeded up so cars leaving San Francisco reach Ukiah in the bigges t wave at 10 a.m. each day, whereas they came at 11 a.m. before, and prior to the straightening of the highway at Hopland most cars reached Ukiah at noon. Laytonville catches the high tide of travel at the lunch hour now—which Mr. James thinks is a good tip for prospective restaurateurs.

BIRTHDAY SUPPER

Eight lads enjoyed the celebration of Hugh Preston's eighth birthday Tuesday, the party being at the home of his parents, Judge and Mrs. H. L. Preston. Amateur hour, musical chairs and similar games were played during the afternoon, and a delicious supper was served at a table festive with red and white. Red candles topped a large cake frosted in white and trimmed with red which stood in the center of the table, and red and white gliders were favors at each place which the boys took pleasure in assembling and sending on flights. Guests were John Isnard, Richard Banker, Jay Lee Smith, Jr., George and Glenn Macklin, Donald Frost and Gerald Cox.

HAPPY COUPLE TARRY HERE ON HONEYMOON

Miss Mildred McNab became Oliver E. Chambers' bride at a beautiful wedding ceremony at Calvary Presbyterian church Wednesday evening at which Rev. Ezra Van Nuys and Dr. Stanley Morrison of Palo Alto officiated. Yellow Calla lilies and white St. Joseph lilies in tall gold urns were used in decorations and candles lighted the aisle down which the petite bride walked on the arm of her father, John L. McNab.

Features of the bridal gown of slipper satin were a full, gored skirt, ending in a long train, sleeves puffed at the shoulder and tight at the wrist and a heart-shaped neck. A cluster of orange blossoms held the flowing tulle veil and the bridal bouquet was a shower of lilies of the valley and white orchids.

Two honor attendants and four bridesmaids gowned in white taffeta preceded the bride down the aisle. Their dresses were fashioned with square necklines, puffed sleeves, tight bodices and circular skirts. Honor attendants wore off-the-face hats of white taffeta and carried round bouquets of white begonias and the bridesmaids' hats were of yellow taffeta and their bouquets of matching begonias.

Mrs. Robert Weller Scott was her sister's matron of honor and Miss Helen Chambers, sister of the bridegroom, was maid of honor. Two other sisters, Misses Margaret and Marian Chambers, of Rock Springs, Wyo., Mrs. Elenor Pryde and Mrs. V. C. Murchison completed the bridal entourage.

Best man was Robert Scott and the seven ushers were Gordon Scott, Jack Linehan, Frank Barrett, Harry Jackson, Wallace Chambers, William O'Donnell and Charles Lingren.

Mrs. McNab wore a gown of powder blue lace and Mrs. Oliver Chambers, mother of the bridegroom, was gowned in dusty pink chiffon.

At the McNab home, where the reception followed, the newlyweds received in the drawing room before a background of cream-colored brocaded satins and arches of white stock, flanked on either side by tall gold urns filled with yellow Calla lilies and St. Joseph lilies. The bridal table, set against a gold drape, was decorated with garlands of gardenias and lilies of the valley.

The bride whose grandparents were the late Mr. and Mrs. Alexander McNab and the late Mr. and Mrs. I. W. Grover, is a Castilleja School graduate. The bridegroom is the son of Dr. and Mrs. Oliver Chambers of Rock Springs, Wyo. He is a graduate of Brown University and of the University of Southern California.

Thursday the young couple stopped at the McNab ranch at Largo for a few hours, enroute to Vancouver, B. C., where they will embark on a Canadian liner for a honeymoon trip to Alaska. Parents of the groom were guests of the bride's parents at the ranch Friday.

FAMILY REUNION

Mrs. Marie Sandelin, in company with her daughter and two grandaughters, Mrs. Jack Douglass, Jacqueline and Francine, of Mason City, Wash., returned Monday to the home of her son, Walter Sandelin, following a visit at the home of another daughter in San Francisco. The bay city hostess was Mrs. John Pibernig, who with her husband and daughter, Janice, joined the party coming to Ukiah and will remain at the Sandelin home for a vacation.

Concluding Chapter—Wedding History

Attendants' Gifts

The bride's attendants often make her a joint gift, which might appropriately be in the form of additional pieces of silver in the pattern she has selected. This because whatever the amount they wish to spend, silverware can be selected to meet their desires.

The dress of a wedding party is regulated by the formality of the occasion. Morning weddings are informal and almost anything may be worn. Afternoon weddings may be formal or informal, as desired. The early evening wedding is always formal.

The dress of the bride and her attendants determines what the groom and his attendants must wear. If she has a satin gown for a daytime wedding, the men must wear cutaway coats and striped trousers. If she is less formally attired, the groom and his attendants may wear dark blue business suits "and be comfortable."

WEEKEND GUEST IS A WINSOME EQUESTRIENNE

Miss Patte Helms and her friend, Miss Jane Pendergast, left early yesterday for their homes in San Francisco following a visit at the home of Mrs. Mary Kauffman, grandmother of the former. They planned to stop at the Vandenberg ranch in Guerneville for a horseback ride along Russian river on mounts from the St. Francis Riding Club, where Miss Pendergast has been a pupil of English style riding, and from Hunter's Point Stables, where both young ladies received their instruction in stock riding from Mr. Vandenberg. Miss Pendergast was recently chosen from talented San Francisco high school equestriennes to hold the title of Miss San Francisco at the Salinas Rodeo. Judging was on the basis of riding, scholarship, personality and appearance, 25 per cent each. The San Francisco Chamber of Commerce is giving her a stunning outfit of white 10-gallon hat, white satin shirt, white chaps and black calfskin riding boots, in which she will appear in the finals at Salinas July 15, following a scholastic test and riding tryout on the 14th.

If she wins over entrants from 38 California counties she will become Miss Outdoor Girl, Queen of the Rodeo, and receive a trip to Mexico City in company with her mother, Mrs. Angela M. Pendergast. She joined Miss Helms, who was vacationing at the home of Mrs. Kauffman Saturday. Mr. and Mrs. E. S. Helms drove here from San Francisco to pass Sunday with their daughter, her guest, and Mrs. Helms' mother.

EIGHTY GUESTS OF FOUR

Eighty guests were delightfully entertained at a bridge luncheon at Laurel Dell Lodge Wednesday by Mrs. Louis Hildreth, Mrs. H. L. Preston, Mrs. W. B. Cannon and Mrs. Fred L. Bosworth. The spacious rooms made an attractive setting for the gathering, an artistic finish of knotty pine being used in the recent rebuilding of the lodge, with a Mexican note charmingly introduced by colorful pictures and potted cactus plants. Bouquets of cut flowers were interestingly placed to add to the festive atmosphere. A lovely view of the lakes was enjoyed from the dining room windows during the luncheon hour, when guests were seated at small tables in groups of six or eight. Adjourning to the room adjacent, guests played bridge at 20 tables while a fire blazed brightly in the large stone fireplace in sharp contrast to the darkening skies outside. First prize was awarded Mrs. E. W. Dutton, second prize Mrs. Janet Lynch, third Mrs. A. F. Moulton and fourth Mrs. Lloyd Bittenbender.

Accompanying Mr. and Mrs. Neuhaus to the Gibson home after dinner the youngsters enjoyed an evening of games and dancing while Mr. and Mrs. Gibson joined the group. As graduation day fell on the birthday of Ernest Neuhaus, Jr., as well as that of Helen Gibson, the party was a trebly joyous occasion although celebrated a week later than the important day itself. If You Like to Drive In Parks and Forests

. . . remember to be careful with fire. In California, last year, forest fires burned 946,850 acres . . . did $3,173,705 damage. And smokers caused by far the greater number—1364!

Federal and state foresters and CCC groups will provide fighting forces, and more than one-third the area of California, exclusive of deserts and National Forests, has good protection with over two hundred rural fire trucks in operation. But this is not enough. The important need is for the public's cooperation.

An ounce of prevention is still worth several pounds of cure. Observe the simple rules of fire prevention.

Recent Litigation.

The Bank of Willits has brought suit for foreclosure of a chattel mortgage given April 12, 1934, by Clifford A. and Mrs. Clifford A. Steele to secure payment of a promissory note for $1500 with interest at 7%. Judgment is asked for principal sum, $150.99 interest, with $150 as attorney fees and for an order of sale, the amount of the judgment to become a lien against the personal property of defendants.

Would Collect Notes.

Jessie W. Brunner has filed an action against W. L. and Luella H. Brown for judgment on a promissory note issued December 12, 1932, to Jessie W. Brunner and M. H. Iversen, as executors of the estate of Henry S. Hopper, deceased, for the sum of $3200. The complaint states plaintiff has succeeded in her individual capacity to all rights and title of Jessie W. Brunner and M. H. Iversen as exeecutors and that the deed of trust given as the original security has been dissipated and exhausted through sale of certain real property. Judgment is asked for $3875.91 with interest at 7% compounded semi-annually, and $300 attorney fee.

Serious Charges Made.

Charging infidelity and citing numerous instances, Louis Arnold has brought action for divorce from Hazel Arnold to whom he was married at Ukiah May 16, 1913. The complaint asks award of all community property and custody of two of the couple's five children and that defendant be awarded $10 in cash and no more. Extreme cruelty, causing the complainant grievous mental and bodily pain and suffering is alleged and several specific instances are named when the defendant is charged with having left her home in Redwood Valley to live with another man, who is designated as John Doe. Since July 5, 1935, the complaint says the defendant has lived with John Doe and has declared her intentions to marry him. Charles Kasch is counsel for complainant.

Is Seeking Letters.

Clara D. Wattenburg has filed her petition for letters testamentary in the estate of her husband, Charles S. Wattenburg, who died intestate July 7. The estate is estimated at $3900 and the petitioner is decedent's sole heir and next of kin. Hearing is set for June 25.

Would Be Administrator.

Petition for letters of administration of the estate of Eva May White, who died April 10, has been filed by George L. White through the law offices of D. T. Bennitt, Willits. The estate consists of house and lot in Willits and petition names as heirs of decedent Frank L. White, son, Ukiah; Nellie May White, daughter, Willits, and G. L. White, the petitioner, surviving husband, Willits. Hearing is set for June 25.

An Old Estate.

L. T. Walter has filed his petition for letters of administration of the estate of Platt Lupof the estate approximately 27-years ago while a resident of Mendocino county, owning an estate of 160 acres of land of undetermined value in Humboldt county. Rose Wolford, of Redwood City, a daughter of decedent, is the only known heir. C. N. Torp, Arcata, is attorney for petitioner.

COUNTY PLANS SPAN

(Continued from Page One)

on Robinson creek where he passes much of his time, has interested himself in the plight of the Covelo people and sent one of the Roeblings Company engineers to the slide with the intention of seeing if it would be possible to provide a suspension bridge at the point so constructed as to make it high enough to allow the blue slide to flow under it. As The Press is informed the report of the engineer is favorable and, in addition, the cost of a structure as designed by the Roeblings' engineer would be less than any other span could be constructed for.

Doing His Best.

Supervisor Duane Bittenbender has done everything he possibly could to keep traffic to Round Valley open and has crippled his operations in other sections of his district to relieve the blue slide annoyance and is continuing his efforts to overcome the trouble.

Build Grandstand For Coming Event

Carpenters are rushing work on the grandstand and cattle chutes and pens at The Willits Frontier Days grounds. They are ahead of the schedule set so are sure of having everything at the grounds ready before the celebration starts.

GRANGE GIVES BRIDE TOAST

Mr.-Mrs. Robert Ford Honored At Dinner In The Valley

Special Correspondence of The Press.

REDWOOD VALLEY, June 22. —Grange hall Friday evening was the setting for a reception and shower for Mr. and Mrs. Bob Ford. Before her marriage to Mr. Ford a few weeks ago Mrs. Ford was Lorena Church, of Ukiah. The young couple were greeted by a large concourse of friends and were recipients of numerous lovely and useful gifts. Mrs. Roy Williams, with her artistic ideas, had arranged and decorated the dining room with appropriate motifs and colors. At the bride's table were seated the parents of the bride and groom, with George Wenglein, a friend of long standing. The table was all in white. The centerpiece, a wedding cake with a miniature bride and groom made by Mrs. R. Yarbrough, and two large heart-shaped cakes made by Mrs. Ray Williams, were at each end of the table. With tiny parasols as favors and with lighted candles it was a pretty setting. The other tables, decorated similarly in pink, were also very lovely. Cards and games were the amusements of the evening.

PLAN SIMPLE WAY TO SERVE

Herman Runkel Intends To Assist Home-Owners

Herman Runkel, of the Runkel Roofing Co. has returned from Oakland where, for 10 days, he attended a Housing Guild training course, conducted under auspices of Johns Manville and designed to stimulate home building and remodeling in Ukiah.

To Look Field Over.

Commenting on his personal interest in attending the meeting, Mr. Runkel said he will employ the methods outlined to make a detailed survey of the Ukiah market area to determine whether it will be practical to establish a local Housing Guild organization.

A Ukiah Convenience.

"A Housing Guild,' Mr. Runkel stated, "is designed to promote home construction and modernization and to demonstrate to prospective home-owners the advantage of sound planning and construction. It would also be a service center where persons planning to build could receive the assistance of men trained in every line of building. It would co-ordinate all the important factors of the building industry in a community (such as the material dealers, contractors, architects, real estate men and financial institutions) into an organized group with a trained force of representatives."

Would Make It Easier.

Mr. Runkel believes this arrangement will eliminate much of the confusion which now exists when a home owner or a new house prospect is obliged to deal individually with many of these various factors, such as the contractor, the architect and the banker.

How It Works.

"It will enable a person to 'buy a package' of building industry merchandise — a finished house or complete remodeling job," he stated. "The plan is to employ in the building industry, so far as possible, the convenient service and merchandising methods of other industries. The trained Housing Guild representatives assures that, for the first time in history, the building industry in a community is represented by a selling organization which will compare to that of any other successful enterprise."

(Continued from Page One)

The complaints charge defective and dangerous condition of the road with responsibility for the accident.

Came For Celebration.

The dead and injured members of the automobile party, with other friends from the Bay district, were in the Willits vicinity to attend the Frontier Days celebration and were guests at a ranch. The party had gone from the ranch early in the evening for a ride into the hills and had extended their trip and were returning after dark. Officials who investigated the matter stated at that time the accident was at a curve in the road and apparently the driver of the car had failed to observe the fact there was a curve and had followed the beams of his headlights straight ahead, off the edge of the road. The complaints claim the road gave way beneath the outer wheels of the car, allowing the machine to topple off the grade.

The Attorneys Involved.

Attorneys engaged in the prosecution and defense of the suits are Clifton Hildebrand and Goodman & Brownstone of San Francisco and Wayne P. Burke of Ukiah for plaintiffs. District Attorney James E. Busch will conduct the defense, assisted by the law firm of Mannon & Brazier and former District Attorney Lilburn Gibson. Time asked for the trial is three days, but it is expected to require considerably more. At the time the matters were set, trial by jury was requested by both sides. Since then, it is understood, both sides have waived their requests for a jury.

Pre-School Clinic Held During Week

Baby Clinics are being held in the county this week by Dr. Edith Young of the state department of pubilc health, bureau of child hygiene. Twenty preschool children were brought to the clinic Monday at the Kosmos clubhouse in Ukiah, where Mrs. Fern Busch, school nurse, was in charge, assisted by Mrs. Norman Buhn and Mrs. Charles Kasoh. A similar clinic was held at Willits yesterday, and there will be one at Potter Valley today and one at Point Arena tomorrow. There will be no clinic during the vacation month of July. The next clinic scheduled for Ukiah is to be held August 20.

Mr. and Mrs. A. T. Harwood, of Laytonville, passed through Ukiah last week on their way home from a trip to San Francisco.
